

Get the most out of your food. Get the most out of your life.

Unlock the power of fresh, whole foods with the Vita-Mix 5200!

Meet the machine that is so much more than a blender! The Vita-Mix 5200 makes health-enhancing meals from fresh, whole foods in minutes. Imagine . . . hot soup from fresh vegetables in 4 minutes . . . whole food juice from just-picked fruits in a minute . . . and delicious, low-fat ice cream in just 30 seconds. With a powerful 2 peak HP motor and precision-designed stainless steel blades, the Vita-Mix 5200 has the power to pulverize even the skins, seeds and peels of whole foods to deliver richer taste—and more health benefits. Valuable phytonutrients are freed during Vita-Mix processing because this amazing machine literally breaks through the cell walls to make that hidden nutrition more bioavailable.

Open up a whole new world with whole food nutrition.

"I used to purchase "run of the mill" mixers and wear them out – the quality of the Vita-Mix is awesome! It cuts up, grinds and mixes beyond my husband's expectations. He uses it 365 days a year. We've had our Vita-Mix for over 10 years!"

GARY AND SHARON L.
Round Rock, TX

"After being on medications for my diabetes for six months, I've been able to control my Type II Diabetes with my diet and no longer have to use medications. The Vita-Mix helped me lose 40 lbs in the last half year!"

Hugh T.
Oregon

The Truly Extraordinary Vita-Mix® 5200!

SAVE MONEY
when you purchase through me!
Details inside.

Enjoying fresh fruits, vegetables and whole grains has never been easier!

The Vita-Mix 5200 makes healthy meals quick, easy and delicious!

- JUICE** from whole fruits and vegetables
- COOK** soup from fresh to steaming hot
- FREEZE** nutritious, delicious frozen treats
- GRIND** whole grains, spices and coffee

Quality and performance are the perfect recipe for a healthy lifestyle!

Removable lid plug, conveniently marked with measurements, allows ingredients to be added while processing.

Trademarked 64 oz. container design creates a powerful vortex that forces ingredients around and down into the blades for complete and consistent processing.

Metal-to-metal (not rubber or plastic) container-to-base drive coupling for maximum durability and long life.

Unique tamper allows for processing thick, dense ingredients that would bring other appliances to a halt.

Spill proof lid vents allow hot or cold food to expand and contract.

7 YEAR WARRANTY
with registration

Container is made from new-generation Eastman Tritan™ copolyester—shatterproof, sound-damping, chemical resistant and BPA-free.

Stainless-steel, laser-cut blades forged into one assembly.

Variable speed control to purée, grind, chop or blend a wide range of foods and drinks at precisely the right speed.

Super-efficient 2 peak HP motor

Choose the package that's just perfect for you!
